1933 BUDGET

TOWN OF MADISON, N. H.

BUDGET OF THE TOWN OF MADISON FOR 1933

Continuing the policy of reduction as in 1932 we, the Budget Committee submit the following recommendations:

First. That the valuation of all property for tax purposes be reduced approximately 20%, so as to be more nearly at present actual values, and to equalize with other parts of the state.

Second. That the following wage scale be adopted;

Men	\$2.50 per day
Teams	5.00 per day
Trucks	7.00 per day

Third. That elementary school teachers' wages be reduced 20% from 1931, and that High School teachers' salaries be fixed as follows:

Principal	\$1500.
1st Assistant	\$1250.
2nd Assistant	\$950.

SUPERINTENDENT'S REPORT

To the School Board of Madison:

I herewith submit my twelfth annual report as superintendent of schools, it being the twentieth in the series of such reports.

In proportion to the number of adult citizens, Madison has a large number of fine boys and girls for whom there are great responsibilities. In these times we can better afford to neglect some material things than to neglect the boys and girls. Madison should continue to do well. Madison does well to maintain its high school and the school is large this year. Boys and girls who are in advanced institutions of learning are doing well. At last account we stood first in our class in the success of our graduates in post-secondary work. This is a challenge to those now in the school.

Graduates of Madison High School who have graduated from post-secondary institutions:

Florence Pearson, Plymouth Normal School.

Sarah Chamberlain, Boston University.

Paul Bickford, University of New Hampshire.

Ruth Pearson, Plymouth Normal School.

Dorothy Huckins, Plymouth Normal School.

Marion Lyman, Plymouth Normal School.

Edith Gilman, Plymouth Normal School.

Frances Thompson, Keene Normal School..

Pearle Granville, University of New Hampshire.

Harriett Meloon, University of New Hampshire.

Elizabeth Chamberlain Helme, Plymouth Normal School.

Doris Fortier, Plymouth Normal School.

William Kennett, Burdett Business College.

Esther Gilman, McIntosh Business College.

Alice Whiting, Plymouth Normal School.

Esther Jackson, Bates College.

Edith Pearson, Plymouth Normal School.

Leah Grace, Malden Commercial School.

Lahlia Lovering Nelson, Plymouth Normal School.

Dorothea Ward, Plymouth Normal School.

Ellen Bickford, Gorham (Me.) Normal School.

Graduates of Madison High School who are now attending post-secondary institutions:

Rhoda Pearson, University of New Hampshire.

Stanley Jackson, Bates College.

Donald Chase, Plymouth Normal School.

Carroll Fortier, Keene Normal School.

Bruce West, Wentworth Institute.

Harry West, University of New Hampshire.

David Fortier, Keene Normal School.

Gladys Granville, University of New Hampshire.

Millie Pearson, Muskingum (Ohio) College.

Repairs and Improvements

During this year, Nickerson School has been painted outside and the yard graded, making this a very attractive and well-conditioned building. The Mason schoolhouse was shingled on one side and the foundation walls repaired. Minor repairs were made at the High School and Madison Corner School. Cleaning and varnishing were done.

The special need for the coming year is outside painting.

Medical Inspection

Miss Ruth S. Langille is still acting as school nurse, making the inspections and constantly working on correction of defects. A dental clinic was held in town. Children were taken to an eye clinic in Rochester. Miss Langille spares no time nor travelling expense when working for the boys and girls. Health habits are still made a prominent part of school work. Inspection is often made each morning at the opening of school, records made, and the careless child instructed

and directed how to clean up.

Statistics

For the year ending June 30, 1932, our schools had an average attendance of 133, an average membership of 139 and a percent of 95.9.

Schools having 95% or over are as follows:

Nickerson School 97.5%

Junior High School 96.9%

Junior High School 96.9%

Mason School 96.7%

Madison Corner School 95.3%

Teachers are as follows:

John G. Nesbitt, Headmaster High School—Muskum College.

L. May Quimby, Assistant—University of Chicago.

Margaret M. Thompson, H. S., Assistant and grades VII and VIII.

Marjorie MacDonald, Madison Corner School—Portsmouth Training School.

Ethel J. Whiting, Silver Lake School—Plymouth Normal School

Doris Springfield, Nickerson School—Plymouth Normal School.

Inez M. Cole, Mason School—Portsmouth Training School.

Attendance Honor Roll

1931-32

Nickerson: Mary Fickett, Frederick Lane, Lawrence Meader.

High School: Laura Twombly, Raymond Twombly.

Madison Corner: Albion Twombly, Jr.

Silver Lake: Leland Drew.

More boys and girls should compete for this honor by having perfect attendance.

By request the following explanatory paragraph is added. The superintendent's salary was cut by the Joint Supervisory Board of the six towns he serves. The salary is now \$3400. Of this \$3400, the State pays \$2000. The remaining \$1400 is divided among the six towns in proportion to the number of pupils in the schools. Madison's part is 22% or \$308. Madison's part is larger than it was last year because, in the reapportioning last spring, it was found that Madison had a larger number of children in her schools.

Respectfully submitted,

F. W. JACKSON

Superintendent of Schools

February 11, 1933.

REPORT OF SCHOOL HEALTH WORK FOR MADISON

To the Townspeople, School Board, and Superintendent of Schools:

The Town of Madison, like all the other towns in the land, is feeling the effects of the depression in many ways that can not be demonstrated by statistics. The general economic condition is rather obvious to all who will take the trouble to examine figures. But the subtle, far reaching—but none the less dangerous—effect of this economic crisis reacts directly upon the health of the children. Few realize this now. Many will never realize it.

With a realization of this truth a large part of the school health program has been concentrated upon this phase of the work. The foundation was laid last Winter and Spring, with food and clothing needs receiving first attention. Milk was furnished one family by the Woman's Club. The same service has been continued all this year by interested neighbors. Food budgets were made for families with very limited incomes and due to careful planning they are faring well. Free seeds furnished by the State Unemployment Relief Committee resulted in gardens that would take care of the vegetable needs in the diets of eight families. Five large boxes of clothing have been distributed to needy children, including layettes for two new babies. Red Cross flour has been available to those who needed it to supplement their own supply.

During the past year with very limited funds furnished by the Red Cross, the Woman's Club, the Mothers' Club and a few private pockets, thirteen of the worst cases of diseased tonsils have been operated upon, fifty-seven children have received partial or complete dental corrections, and five children were fitted

to glasses long needed. However, there remains a large group of children who normally would receive prompt attention by the parents but are unable to be done this year due to reduced finances. There are seventy-four children who need dental work, thirty-six who need tonsils out, and two with serious vision defects who are unable to afford glasses at present.

In spite of the many difficulties encountered there seems to be some progress in the health conditions in the schools. A brief summary of the past three years of work will demonstrate this:

1930-1931

No. Pupils	127
No. defects	225—1.7 per pupil
No. corrections	55—24% of defects
No. without defect	18—14% of all pupils

1931-1932

No. Pupils	142
No. defects	247—1.7 per pupil
No. corrections	114—46% of defects
No. without defect	61—43% of all pupils

1932-1933 to date

No. Pupils	144
No. defects	178—1.2 per pupil
No. corrections	33—18% of defects
No. without defect	46—31% of all pupils

Last year 1931-1932

Visits to schools	89
Visits to homes	317
Total visits	406
Days spent	27

To date this year 1932-1933

Visits to schools	49
Visits to homes	184
Total visits	233
Days spent	14

The present school year is just half over. There remains a great deal of work to be done to keep up the standard of the school health work. If there is one recommendation to be made it is this: we need all the cooperation we can get to make it possible for every child to have the necessary corrective work done during this period of depression!

Respectfully submitted,

RUTH S. LANGILLE

School Nurse
